BOARD OF TRADE AGAIN SCORES HIT

Once again the local Board of Trade has proven that it is a progressive organization, by obtaining a five cent fare from West street to Wilmington Centre.

The following letter received by the secretary speaks for itself, so it is printed in full.

September 21, 1938

Mr. Francis J. Correia, Secretary,
Wilmington Board of Trade,
Wilmington, Mass.

Dear Sir:

In reply to your letter of September 20, the Trustees have granted the request of the Wilmington Board of Trade for a five-cent fare from West Street to Wilmington Square and this will be put into effect the first of the month.

The checks that were taken did not indicate any particular possibility of increased business, but due to the fact that the other five-cent fare zone in Wilmington is doing fairly well, the Trustees have consented to try this out until further notice.

Thanking you for your interest in this matter,

Yours very truly,
Vice President and General Mgr.

FIRE PREVENTION WEEK OCT. 9 TO 15

Fire each year causes a loss of 10,000 lives in the United States and Canada. Property damage amounts to hundreds of millions of dollars. Loss of homes and jobs causes great suffering that cannot be measured in dollars. This loss is wholly unnecessary as every fire can be prevented or promptly controlled through ordinary precautions which should be observed in every household. FIRE Prevention Week, observed annually throughout the United States and Canada, marks the anniversary of the conflagration which destroyed the city of Chicago on October 9, 1871. It is the time for determining that the home is safe from fire before the winter season begins, and is the starting point of a year round fire prevention program. Keep your home safe from fire. Consult your fire department. Never take chances with Fire.

LOCAL WOMAN DIES AFTER LONG ILLNESS

Mrs. Frank Heedy (nee Jones) of Auburn Ave., this town, died early Monday morning after a long illness. Mrs. Heedy, born in Lowell, Mass., lived for a great many years in Charlestown, Mass. before moving to Wilmington several years ago.

Funeral services were held from the funeral parlor of Joseph B. McMahon, Middlesex Ave., Thursday morning.

Church services were conducted by Rev. Andrew J. White, pastor of St. Thomas Church, at 10 A. M.

Interment was in Oak Grove Cemetery, Medford.

She is survived by her husband, Mr. Frank Heedy, and a niece.

SUPT. OF WATER WORKS RIGS LIGHTS FOR MERCHANTS

With the Centre in darkness, merchants tried their best to serve the public working by lantern and candle light, until Mr. Don Foster, Supt. of the Water Works decided to do something about it.

Driving to Boxford, Mr. Foster brought back a generator from his summer cottage and furnished most of the merchants with light. The fire dept. and police dept. were also furnished with light until the electricity was turned on again.

Mr. Foster also made possible last week's Mirror Edition through the loan of a gas engine. A little more of this spirit and Wilmington will go places.

S. P. M. Men's Class Will Show Pictures On Czechoslovakia

A two reel film showing the life and scenery of Czechoslovakia will be shown at the October Meeting of the S. P. M. Men's Class, next Wednesday, Oct. 5th. Three other films will be shown and special refreshments served.

WILMINGTON ASSOCIATES MONSTER WHIST TO BE HELD MONDAY, OCTOBER THIRD

Hurricane conditions made it impossible for the Associates to hold their whist party as scheduled last Monday night — but it will be held Monday night, October 3rd at the Clubhouse on Grove Ave., at 8:15 P. M. George Beal is again chairman, and avers that this party will be just as big as the last, with just as fine an assortment of prizes.

There will be a regular meeting of the Associates Saturday night, October first. Preparations for the whist party will be made and arrangements for the Associates' First Harvest Dance, October eleventh will be taken care of. Every member is expected to be present — the time, eight P. M..

There will be no football team this year, but plans for an Association basketball team this winter are in the making. Come to the meeting, express your opinions, and let's make the Wilmington associates' the successes that they should be, so that athletics in this town may be carried on the year round. The boys need recreation of the right kind, and the town folks can help them attain their goal by patronizing their parties. Your moral and financial support will be greatly appreciated.

Don't forget the Whist, October 3rd.—The Dance, October 11.

35 MILE AN HOUR POLICE CAR LIMIT

(The following editorial was cut from the Boston Globe on Sept. 29, 1938 and I belive it will interest the taxpayers of Wilmington.)

DANGEROUS PURSUIT

Frequently an item of local news tells of the wild pursuit by police of persons suspected of wrongdoing. Cruising cars rush over the highways at terrific speed and shots are fired from time to time. It is all in the cause of law and order, but there is frequent danger to citizens who happen to be driving or walking or in shops or dwellings within range.

This sort of thing cannot be repeated indefinitely without tragic results. The lives of decent, law-abiding citizens have been repeatedly endangered and some day there will be a sacrifice of innocents. The risk might be defended if those who are fleeing from the representatives of the law were always red handed killers. Often, however, they are merely suspected of having committed misdemeanors.

The responsibility of Police Departments should be recognized by them. Strict accounting should be required whenever a police car goes beyond the limits of highway safety. The same rule should apply with regard to the discharge of firearms. The public is entitled to protection not always accorded by guardians of the peace.

Referring to the latest damage to our Police car Sept. 11, I will state that it was not necessary to drive sixty to seventy miles an hour for a minor offence.

The law provides that all Fire Trucks, Police cars and ambulances shall be under control at all times.

It is very fortunate, however, that one or more persons were not killed or injured.

I am very sorry that the officer driving was injured. Our police had better read this piece, and profit by it because if I know of their driving over thirty-five miles an hour, I can assure them that they face a suspension.

And, incidently, it is costing the taxpayers one hundred and twenty-five dollars to put the Police car into service again.

Frank W. Dayton,
Selectman.

POLICE NEWS

Extra police officers have been on duty 24 hours a day since the storm and hurricane.

Sunday, two boys, Frank Doherty, aged 10, and Joseph O'Rourke, aged 12, inmates of a Home on Harrison Avenue, Boston were picked up on Main Street, plodding toward Lowell. The boys were taken to the station house and fed while officer Hoban notified the Boston Police, who returned them to the Home.

George Dulong of 60 Mineral Street, Reading was arrested and locked up for drunkeness by officer Hoban, last Sunday.

On Saturday, Philip De Sterois, aged 60, was arrested and charged with drunkeness by officer Waters.

A car, later recovered, was stolen from the yard of Adam Kovhoski of Salem Street, last Saturday.

A car, owned by John Foster of Lakewood Road, Lynnfield, collided with a car owned by William Duffy of Narraganset Race Track, last Sunday on Main street.

Foster was immediately arrested by officers Waters and Hoban and charged with driving under the influence of liquor and drunkeness. Arraigned before Judge William Henchey, on Monday, his case was continued until Monday, October 3, 1938.

At 1:30 A. M. on Sunday morning, Mr. Raymond Conneir reported at the police station that his kitchen was gutted by fire. Officers Hoban, Newcomb and Waters went to his home on Lloyd Road, to find after an investigation, that an oil bottle had exploded and burnt itself out, blistering the walls and floor.

Fire Chief Day and Police Chief Ainsworth viewed the premises later. Chief Day said that he had experienced such cases before, when the fire burnt out with the oil.

He claimed, also, that perhaps another 15 minutes and the house would have burned.

The police have had one hectic week, delivering messages to various parts of the town, due to the lack of telephone service.

On Sunday when the electricity was turned on in the centre, police had to notify nearly all the merchants that lights were burning in their stores, due to the fact that switches were not thrown after the hurricane hit.

AROUND THE FIRE HOUSE

The past week the Fire House has been quite a lively place with men on duty day and night. Like the rest of the towns, they came in for a share of trouble. No fire alarm system along with most of the telephones were out of order and they had no lights. Extra men had to be kept on duty. We see Asst. Chief Hire and a crew are trying to get the alarm system working again.

Two fires the night of the Big Wind, Mr. Clarence Peters' home on Woburn St., and Walter Schact, Andover St., No. Wilmington. Three more fires since. Very fortunate that none of them were serious, with all the old style lamps and candles burning.

Buster Eames would sure earn his first name, if he changed the H to D. He is laid up this time with a fractured shoulder. Am I right, Relief Association?

DEPARTMENT'S SHOULD BE COMMENDED

Much can, and has been said, about acts of heroism and charity during and after the hurricane of last week, but little has been said about a few of our town departments and organizations.

During and after the storm, Chief Harry Ainsworth called out the entire police force to patrol, direct traffic and stand guard during the long, dark nights that followed New England's most damaging catastrophe. At the same time the first aid station and ambulance were kept in constant readiness, to take care of casualties.

The Welfare Dept. obtained all the available men they could, and starting clearing away debris even before the storm had passed. The members worked with the men far into the night, with one of its party, Mr. Jerome O'Leary, working all night.

Then there is the Tree Dept., headed by J. William Babine who, with his squads, are still working, clearing debris, sawing down dangerous trees and opening roads, that once more we may have access to our homes with the least amount of danger. Also the Street and Highway Dept. who did a wonderful job in clearing the streets.

I have never seen any body of men work as hard as did these men who worked hand in hand during the storm. They all deserve to be commended.

Another body deserving of commendation are the veterans for the work they accomplished. The organizations turned out and worked long and hard hours for nary a penny. A great spirit, boys. Congratulations.

SELECTMEN'S MINUTES

September 26, 1938.

A meeting of the Board of Selectmen was held at the Town Hall this date at 8:00 P. M., with all members present.

Upon motion duly made and seconded, it was

VOTED: That a License for Sunday entertainment be granted Fred Hanson, Lowell, Massachusetts, for October 2, 1938-Fee, Fifty Cents.

That a License be granted to Nee-Ellsworth Post, V.F.W., to hold a "Beano" at Thompson's Grove, on September 28, October 1, and 2, 1938-No Fee-License for September 21, 24, and 25, 1938 not used.

That a Permit to erect a 2-car third-class garage be granted to Charles Hadley, 51 Boutwell public hearing having been held, Street-Notice and advertisement having been complied with, and

That a Permit to carry a Revolver or Pistol be granted to Rufus L. Cushman, High Street-Expiration, September 26, 1939-Fee, $1.00.

That the Common Victualler's Milk and Sunday Licenses issued to Kostanton Skrepnek, 197 Burlington Avenue, be amended to cover his new location on Burlington Avenue at the corner of Forest Street.

That a Public Hearing be held on Monday, October 3, 1938, at 9:00 P. M., in the Town Hall, on the petition of The New England Telephone and Telegraph Company of Massachusetts to place a ground wire on the Town of Wilmington Water Main at Pole No. 33 on Federal Street near Pershing Street.

That a Public Hearing be held on Monday, October 10, 1938, at 9:00 P. M., in the Town Hall, on the application of Armando Catalido, Pershing Road, off Forest Street, to erect a 1-car, third-class garage.

That the following Licenses be issued to: Mrs. Margaret Calnan, 197 Burlington Avenue:

Sale of Milk and Cream-Expiration, May 31, 1939-Fee, $1.00.

Common Victualler-Expiration, December 31, 1938-Fee, $1.00.

Sunday Expiration, April 30, 1939-Fee, $5.00.

That the Treasurer be authorized to borrow, in accordance with the Provisions of Chapter 49, of The Acts of 1933, as most recently amended by Chapter 57 of the Acts of 1938, $6,500 by Note No. 241, dated September 28, 1938, payable to the Commonwealth of Massachusetts, on the 28th day of September, 1939, at 1%.

That the personnel of all the Town Departments be congratulated on the fine spirit shown by them in cooperating to eliminate the hazards and clear the highways and render police and fire protection in the emergency that existed as the result of the hurricane that occurred on Wednesday, September 21, 1938.

A meeting of the following Town officers:

Board of Selectmen
Board of Public Welfare
Finance Committee
Tree Warden
Town Accountant
Superintendent of Streets

was held for the purpose of discussing and determining how the expense incurred by reason of the hurricane could be handled. It was explained that the balance remaining in the Reserve Fund was inadequate to meet the expense, and that it should remain available for any future emergency that might arise. The Board of Selectmen advised that it had been authorized by the Department of Public Works to spend, if available, the moneys alloted to the Town of Wilmington, namely, $3,450.00, by Chapter 500 of The Acts of 1938. The Board of Selectmen further advised that, although the expenditure of this money was discretionary with the Board of Selectmen, it felt that the present emergency warranted this meeting with the interested Town Officers, and that this group should assist the Board of Selectmen in determining what action would be taken for the best interest of the Citizenry and Taxpayers of the Town. By a motion duly made and seconded, it was unanimously voted that $1,450.00 of the Chapter 500 monies be alloted to pay the pay roll and other charges incurred to date; that the proposed program of street repairs that was to be charged to Chapter 500 be set aside with the exception of what patching and other specific repairs that could not be left go through the winter, that the remaining work necessary because of hurricane be undertaken as a normal operation of the Highway and Tree Warden Departments, and that the same Boards and Department Heads meet at the Town Hall on Monday, October 3, 1938, for further consideration of the problem.

On motion, the Board adjourned at 11:15 P. M.

WELFARE NEWS

Due to the hurricane, this board was unable to meet on Wednesday, Sept. 21st. All relief cases were contacted the next day, and given assistance if they were still in need.

Tree Warden, William Babine has taken practically every able bodied man off relief, to assist him in cleaning up his private work in Reading and Wilmington. This is certainly appreciated by this board and shows that Mr. Babine is keeping the taxpayer in mind.

The Old Age Assistance Outing Committee, has turned over to Chief Ainsworth $4.00 to be applied to the ambulance fund. This amount represents the balance after the expenses of the outing were taken care of.

Have you a claim for Old Age Insurance?

Lump sums are now being paid by the Government.

1. To men and women who have received wages for work in industry or commerce since Dec. 31, 1936, and who have reached 65 since that date.

2. To the estates of workers employed in industry or commerce after Dec. 31, 1936, who have died.

The amounts payable are 3½ per cent of the wages received for work between Dec. 31, 1936 and the date the worker reaches 65 years of age or dies.

Workers do not have to retire from their jobs to receive these lump-sum payments.

If you feel that you are eligible for this insurance, and do not know how to go about applying for same, this board will be pleased to assist you.

WHO SAID DAYLIGHT SAVING TIME

ON Sunday morning, Selectman Frank Dayton was slightly confused between daylight saving and standard time.

Frank was due to take a train out, and wondered where the train was when he showed up an hour late. Then to rub it in, he showed up at the Selectmen's meeting an hour late on Monday night.

But he wasn't alone for a large number of townfolk stood around looking silly Monday morning trying to get a train to Boston. I know, as I was one of them.

MORTGAGEE'S SALE OF REAL ESTATE

By virtue and in execution of the Power of Sale contained in a certain mortgage given by Henry W. Wood and Irene B. Wood, sometimes called Irene E. PINEWOOD CIRCLE

The monthly social meeting of the Pinewood Circle was held at the home of its President, Grace Harnden, Cook Ave. Lillian Hewitt was hostess.

A large attendance was present and after a business meeting, gifts were given to Florence Metcalf and Freda Brown for their birthday and a wedding anniversary gift given to Polly Fisher. After which Lillian H. Hewitt was tendered a "Baby Shower" for her young son Richard. Many lovely and useful gifts were received.

The next meeting will be held at Polly Fisher's, in Woburn. Sorry Mabels, you two couldn't be there.

After a lovely lunch all went home feeling rested and better for this little weekly get-together.

PINFALL LEGAL AND ILLEGAL

Pins which are knocked down or displaced by a ball which leaves the alley before reaching the pins, or from a ball rebounding from the rear cushions, do not count and they shall be respotted.

Pins which are knocked down by another pin rebounding in the play from the side partition or rear cushion, are counted as pins down, except where pins come in contact with the body, arms or legs of a pinboy and rebound.

Pins which are knocked down or displaced from any cause, except by a fairly delivered ball, shall in all cases be respotted.

Pins which are knocked down by a fair ball, and which remain lying in the gutters, are termed as deadwood, and shall be removed before the next ball is bowled. Remember this.

The Written Rules of Bowling Etiquette:

After delivering the ball, walk straight back on the approach.

Do not interfere with bowlers on adjoining alleys.

Do not run at same time with bowler on adjoining alley.

Do not walk in front of bowler to pick up your ball or mark score, if he is in position to start his delivery.

Do not laugh at your opponent's misfortune. You may have a bad night too.

Do not shout at your opponent while he is delivering the ball. You can have a lot of fun by kidding, but do it at the right time.

Town Bowling League Rules

All matches shall start at 8:15 P. M.

Each team shall have no more than seven men during the season.

Before the match starts the captain must enter the names of his men in the score book, and after starting, no change can be made in the rotation of the men so entered, excepting that the captain may replace any of his men by another qualified member of his team provided the man removed has not made either a strike or spare in the frame last bowled by him, but no substitution can be made in either the ninth or tenth frame. A bowler once removed from a match cannot roll again in the same match and credit for such match shall be entered in the official record as belonging to the bowler that starts the match.

A full team must be ready to bowl at 8:15, but should less than the required number be on hand the match must start and the captain shall have up to the eight frame in which to enter a man. If at this time he fails to do so a dummy score of 80 must be taken.

A team desiring a postponement of any particular match must notify their opponents and also the proprietor of the alleys at least 24 hours in advance.

A team failing to meet its scheduled matches, unless such failure shall be occasioned by some unavoidable cause, or by previous postponement, shall forfeit such matches.

When a match shall be forfeited under the rules, the team not at fault shall bowl the same as though the match was really contested and the score and averages so made shall be credited and recorded.

In order to be eligible for any prizes that may be awarded, a bowler is required to bowl two thirds of the strings scheduled for the season.

Secretary, Treasurer.
